### Special rental information for booking Prepaid rates

#### Prepaid tariff - Pay now

When booking a prepaid rate, the total rental price (incl. booked extras and charges) will be charged prior to the rental by Sixt Germany. The driver and the means of payment must be finalised at the time of reservation and cannot be changed. The confirmed credit card must be valid and available for presentation at the time of vehicle collection. All additional costs incurred during the car rental will be charged to this credit card.

No refund will be issued in the event of non-collection, late collection, or early return of the vehicle. On the contrary, additional fees may apply.

#### Changing of a Prepaid booking

A prepaid booking can be changed up to 48 hours before the start of the rental (depending on availability) subject to a booking modification fee of 509,50 CZK. Any payment already made towards the rental will not be refunded, nor will any difference be refunded if this modification results in a lower rental cost. Any changes made to a prepaid reservation may impact the rental rate. A change from a prepaid rate to a non-prepaid rate is not possible.

#### Cancellation

A booking can be cancelled before the rental begins. In the event of cancellation, the advance payment already made towards the rental will be refunded except for a cancellation fee, which will be withheld and shall amount to the rental charge (including any extras and charges) for a maximum of 3 rental days.
