General Rental Information

The renter and the driver have to be in possession of a valid driving license.

Driving license printed with non Roman Alphabet (Arabic, Japanese, Cyrillic etc) must be complemented by an International driving license. For driving licenses from countries not part of the Geneva/ Vienna Convention on Road Traffic (e.g. China), the International driving license is required, since an official translation of the license in English presented together with the original license might not be accepted by the Police.

Please show a valid ID card or passport at time of pick up!

Customer acknowledges that cars are equipped with monitoring and communication safety units.
